Committed ERDF before call 4

Before the approval of the new projects by the Programme Committee on 28 June 2012, 68 million € out of the 92 million € ERDF available for projects in the 2007-2013 co-funding period had been committed. The **available funds for the call 4** for project proposals were: **9.8 million for Priority 1** “Competitiveness and Attractiveness”, **6.5 million for Priority 2** “Accessibility and Connectivity” and **7.8 million for Priority 3** “Environment and Risk prevention”.

Approved ERDF

Out of the **24.1 millions of available funds** for this call for project proposals, 23.3 millions have been committed to 12 new projects: **9.2 millions on five Priority 1 projects, 6.3 millions on three Priority 2 projects and 7.8 millions on four Priority 3 projects.** Only less than 1 million € of programme funds remain uncommitted. The Programme Committee will make a decision on the use of these funds by 2013.

159 Project partners

159 participants are involved in the 12 new projects. Almost all Alpine Space regions are represented by at least one project partner. The geographical coverage of the Alpine Space is therefore ensured and particularly well balanced. Together with the 35 already approved projects, there are now **590 participants involved** in 47 projects.
