TOGETHER ENERGY@SCHOO eCentral FEEDSCHOOI BOOSTEE	REEFZVV	CitiEnGov CE-HEAT GEoPLASMA-CE RURES FIRECE	MOVECIT SMART COM SULPITER LOW-CARB SOLEZ LAIRA

Main topics covered by call 1 and 2 projects

SO 2.1

Energy efficiency and

energy audits of public

buildings (e.g. schools)

Dynamic public lighting

waste and wastewater

treatment plants

Low carbon measures for

SO 2.2

- Regional energy plans
- Energy managers
- Financial instruments
- Waste heat utilisation
- Shallow geothermal energy planning

SO 2.3

- Sustainable urban mobility and logistics planning
- Institutional mobility plans
- Integration of airports in urban mobility systems

.

TAKING COOPERATION FORWARD

LOW CARBON - SECOND CALL

Priority 2: Cooperating on low-carbon strategies in CENTRAL EUROPE

BOOSTEE-CE	Boosting energy fficiency in Central European cities through smart energy management
eCentral	Energy Efficient Public Buildings in Central Europe
FEEDSCHOOLS	Financing Environment and Energy Efficiency development in Schools
FIRECE	Innovative Financial Instruments for industry low carbon energy transition in Central Europe
LAiRA	Landside Airports Accessibility
LOW-CARB	Capacity building for integrated low-carbon mobility planning in functional urban areas
REEF 2W	Increased renewable energy and energy efficiency by integrating, combining and empowering urban wastewater and organic waste management systems
RURES	Promote the Sustainable Use of Renewable Resources and Energy Efficiency in Rural Regions
SMART COMMUTING	SMART COMMUTING

- Biodiversity and nature conservation
- Water management
- Waste management and re-use
- Indoor air quality
- Green infrastructures

- Historic buildings, ruins and parks
- Industrial and archaeological heritage
- Museums, culture routes
- Intangible cultural heritage
- Cultural and creative industries (focus on buildings)
- Urban environmental management
- Air pollution
- Brown fields
- Food waste

TAKING COOPERATION FORWARD

ENVIRONMENT PROJECTS - SECOND CALL

Priority 3	Cooperating on cultural and natural resources for sustainable growth in CENTRAL EUROPE - ENVIRONMENT
3Lynx	Population based (transnational) monitoring, management and stakeholder involvement for the Eurasian Lynx affecting 3 Lynx Populations in the Central Europe Area
AIR TRITIA	Uniform Approach to the Air Pollution Management System for Functional Urban Areas in Tritia Region
AWAIR	EnvironmentAl integrated, multilevel knoWledge and approaches to counteract critical AIR pollution events, improving vulnerable citizens quality of life in Central Europe Functional Urban Areas
CEETO	Central Europe Eco-Tourism: tools for nature protection
CIRCE	Expansion of the CIRcular Economy concept in the Central Europe local productive districts
FramWat	Framework for improving water balance and nutrient mitigation by applying small water retention measures
MaGICLandscapes	MaGICLandscapes - Managing Green Infrastructure in Central European Landscapes
RAINMAN	Integrated Heavy Rain Risk Management
SURFACE	Smart Urban Reuse Flagship Alliances in Central Europe

CULTURE PROJECTS - SECOND CALL

Priority 3	Cooperating on cultural and natural resources for sustainable growth in CENTRAL EUROPE - CULTURE
ARTISTIC	Valorization of Intangible Cultural Heritage (ICH) Assets for local sustainable development in CE Regions
BhENEFIT	Built Heritage, Energy and Environmental-Friendly Integrated Tools for the Sustainable Management of Historic Urban Areas
CULTURECOVERY	Protection and RECOVERY of immaterial CULTUural heritage of Central Europe through Ecomuseums, as driver of local growth
HICAPS	HIstorical CAstle ParkS
NewPilgrimAge	21th century reinterpretation of the St. Martin related shared values and cultural heritage as a new driver for community-sourced hospitality
ProteCHt2save	Risk assessment and sustainable protection of Cultural Heritage in changing environment
REFREsh	Rural rEvitalisation For cultuRal hEritage
RUINS	Sustainable re-use, preservation and modern management of historical ruins in Central Europe - elaboration of integrated model and guidelines based on the synthesis of the best European experiences
SlowFood-CE	Culture, Heritage, IdEntity and Food
VirtualArch	Visualize to Valorize - For a better utilisation of hidden archaeological heritage in Central Europe

TRANSPORT - THEMATIC COVERAGE

Main topics covered by call 1 and 2 projects

SO 4.1

- Accessibility of peripheral and cross-border areas
- Intermodal integration of regions to TEN-T hubs
- Sustainable mobility

SO 4.2

- Multimodal transport of chemical goods
- Coordination of multimodal freight transport in border regions
- Integration between ports and transport operators

TRANSPORT - SECOND CALL

Priority 4: Cooperating on transport to better connect CENTRAL EUROPE

CONNECT2CE	Improved rail connections and smart mobility in Central Europe
PeripheralAccess	Transnational cooperation and partnership for better public transport in
renpiteralAccess	peripheral and cross-border regions
SHAREPLACE	Shared mobility and Regional transport integrated PLAnning for a better
SHAREFLACE	connected Central Europe
SubNodes	Connecting the hinterland via sub-nodes to the TEN-T core network
TRANS-BORDERS	TEN-T passenger transport connections to border regions
TalkNET	Transport and Logistics Stakeholders Network
TRANS TRITIA	Improving coordination and planning of freight transport on Tritia territory

— TAKING COOPERATION FORWARD

Second Call Projects	Legal framework	Project and quality management
-------------------------	-----------------	--------------------------------------

LEGAL FRAMEWORK

Subsidy contract

Legal base between Managing Authority and lead partner

Signed by Managing Authority and lead partner ("lead partner principle")

To be signed within 2 months after receiving the contract offer; remains valid as long as any duties linked to the ERDF subsidy might be claimed

TAKING COOPERATION FORWARD

LEGAL FRAMEWORK

About the partnership agreement

- Establishes the legal basis between LP and all PPs
- Key provisions:

obligations of the LP; obligations of the PPs; project steering committee; reporting; project modifications; liabilities; financial controls and audits; withdrawal or recovery of funds and decommitment; disputes between PPs; etc...

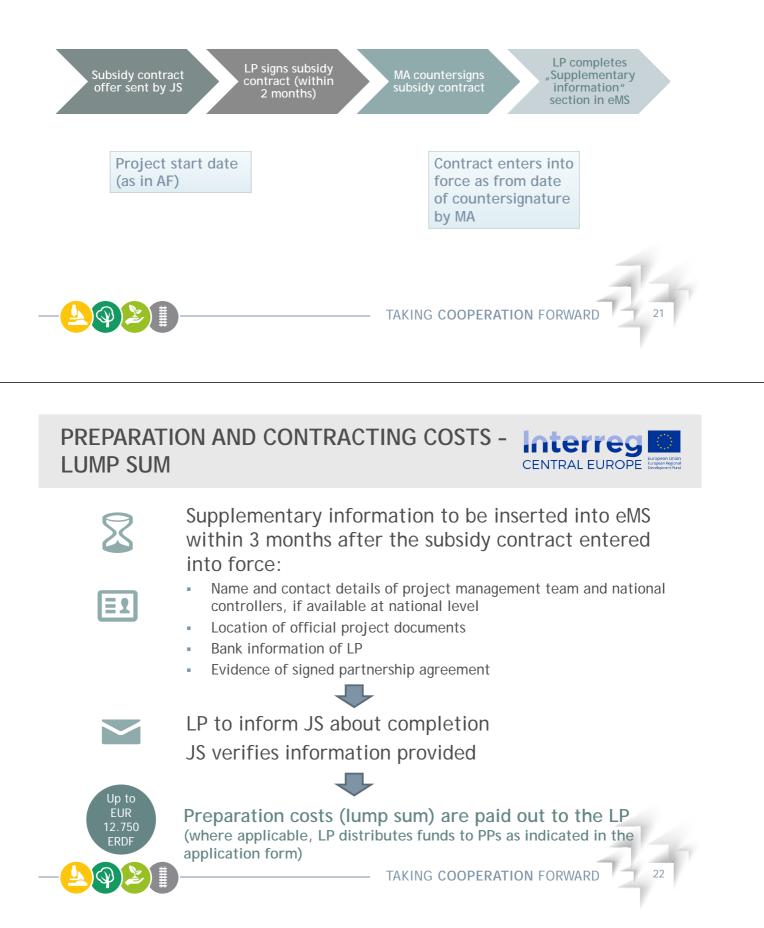

- It gives the minimum compulsory requirements → Provisions cannot be modified or deleted!
- Additions are possible → Must be in line with programme objectives and legal framework

LEGAL FRAMEWORK

Timeline

Second Call Projects	Legal framework	Project and quality management

TAKING COOPERATION FORWARD

PROJECT MANAGEMENT AND COORDINATION

Project management is a complex task

Human factor management of people

Set up of efficient management structures allowing clear decision making and coordination, such as:

- Project steering committee
- Project management team
- Thematic coordinators

The project manager, as representative of the LP:

Manages and coordinates the partnership
 Monitors the progress of project activities
 Performs quality checks on partner inputs (compliance of deliverables and outputs with quality requirements)

Consolidates partner information at project level and delivers joint progress reports

Is in regular contact with the JS

HOW TO SET UP A PROJECT QUALITY MANAGEMENT SYSTEM

Coordination and quality management

- Guide partners and steer the project
- Closely monitor project progress and performance
- Carefully plan the reporting process and manage partner contributions
- Perform a systematic quality control
- Conduct internal reviews

Stay in regular contact with all partners

TAKING COOPERATION FORWARD

Project evaluation

Recommended as a key management tool

Different types and focus e.g. project implementation, achievements and results, effects on target groups

Internal or external e.g. peer review, external experts

TAKING COOPERATION FORWARD

PROJECT AND QUALITY MANAGEMENT

A well set up management system is the base for

Smooth project implementation in line with the AF

Efficient collection of relevant information by the LP from all partners

Comprehensive and clear reporting to the programme leading to quick reimbursement of funds

Interreg Central Europe – Berichtsprozess (Aktivitäten, Finanzen, FLC, eMS)

Claudia Pamperl & Alexandra Kulmer, CE Joint Secretariat Andrea Rainer Cerovská, ÖROK-Gst./NCP

Why is reporting necessary?

- Contractual obligation of the lead partner
- Presenting information on content related and financial progress in order to reimburse the project
- Basis for project monitoring
- To verify quality and effectiveness of project implementation in compliance with the AF

Before starting the project implementation and incurring any costs, familiarise yourselves with the relevant rules so as not to later have expenditure declared as ineligible.

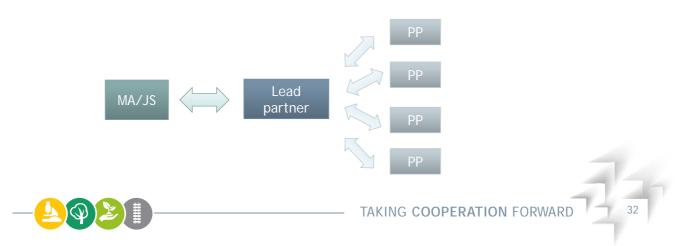

TAKING COOPERATION FORWARD

REPORTING PRINCIPLES

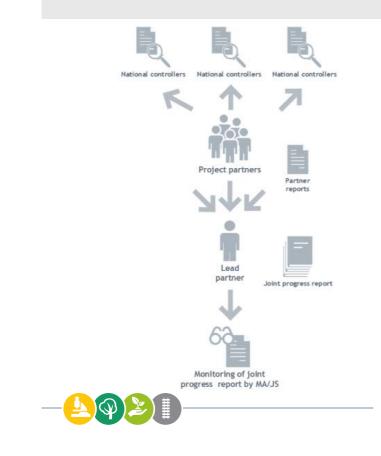

How to ensure effective reporting?

- Provide comprehensive and clear information
- Ensure consistency with AF (activities and finance)
- Smooth information flow between JS, LP and partners for collecting information and providing feeback

SUBMISSION OF PROGRESS REPORT

Partners submit partner reports to national controllers and LP

National controllers verify expenditure of partners

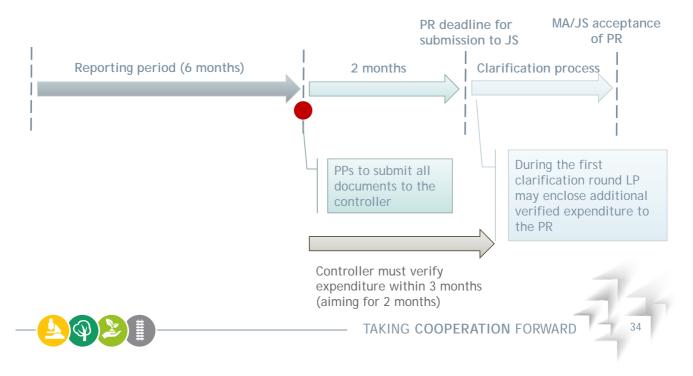

TAKING COOPERATION FORWARD

LP consolidates partner reports (all activities and certified expenditure) into joint progress report and submits it to JS

PARTNER AND PROGRESS REPORT

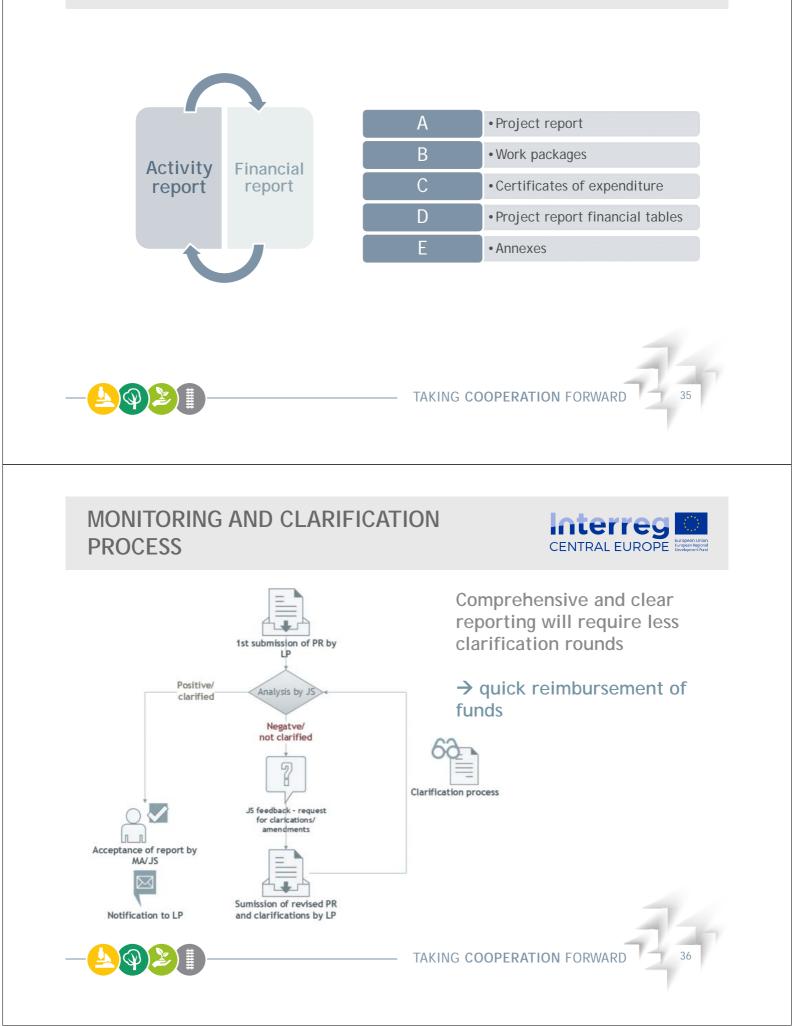

Partners are to submit their partner report to their national controllers immediately after the end of the reporting period

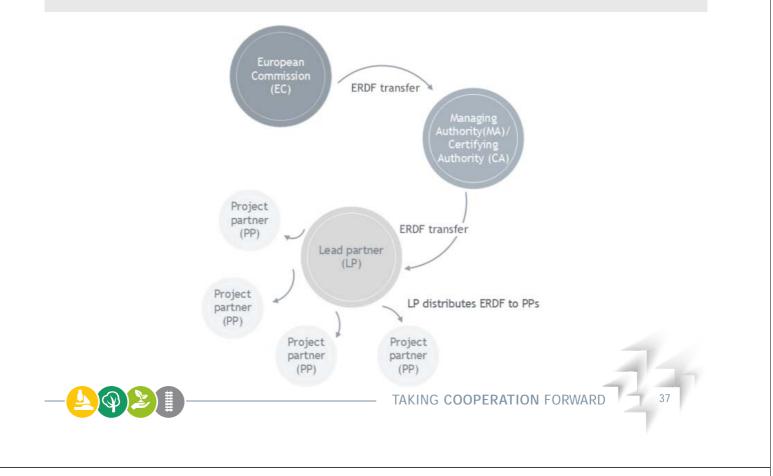

PROGRESS REPORT STRUCTURE

PAYMENT PROCESS

HOW TO REPORT - PRACTICAL HINTS

Organise the work among partners, make use of WP leaders

Set specific internal deadlines

Collect information via partner reports in eMS

Ensure time for quality check (partner and project report)

Think ahead (don 't wait for the last minute)

A REPORT SHOULD BE ...

Consistent

Terminology should be aligned with the one used by the programme and in the application form

Q 😕 📱

Transparent

It should provide clear information and detail on the progress and achievements

Concrete

It should explain who did what and how and give evidence

TAKING COOPERATION FORWARD

- WP C event participants satisfied with information provided *(satisfaction with information)*
- Joint communication activities implemented with external stakeholders (external cooperation)

CENTRAL EUROPE

See definitions as included in the implementation manual chapter B.3

TAKING COOPERATION FORWARD

DO`s and DON`Ts

Realistic and transparent quantification

Based on accomplished outputs, deliverables and activities - explicit reference to be included in the related textbox

Ensure compliance with indicator definitions

Aggregate figures provided by partners after a thorough quality check

Keep in mind the set targets and monitor the progress

Ensure that **no multiple counting** occurs, e.g. between periods and partners

Hints

- Categories of target groups and target values (as in the AF) are listed
- Quantify each target group reached in the current period
- Give a brief explanation on the reported number
- Describe how each target group was involved (e.g. reference to deliverable or activity number, if applicable

TAKING COOPERATION FORWARD

TARGET GROUPS

DO's and DON'Ts

Reported figures should reflect only active involvement of target groups (e.g. trainings, interviews, pilot actions etc.) but not general dissemination activities

Aggregate figures as provided by partners after a thorough quality check

Consider only entities and not persons

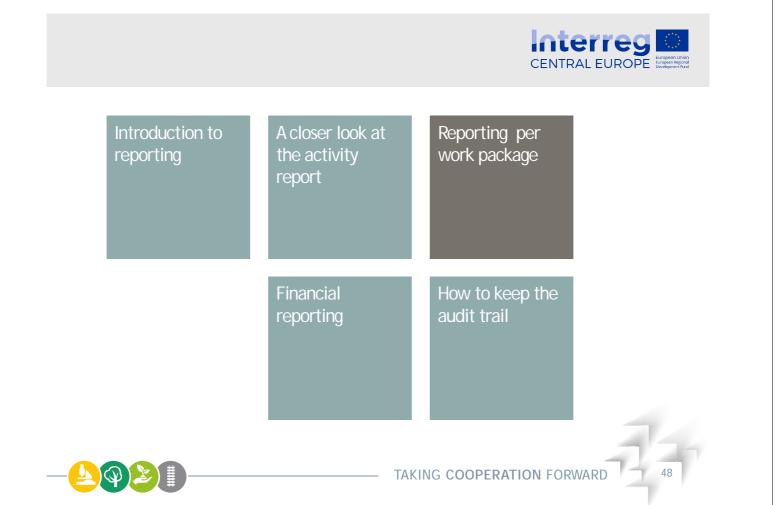

Ensure a transparent quantification

Ensure consistency with project activities

Keep in mind the set targets

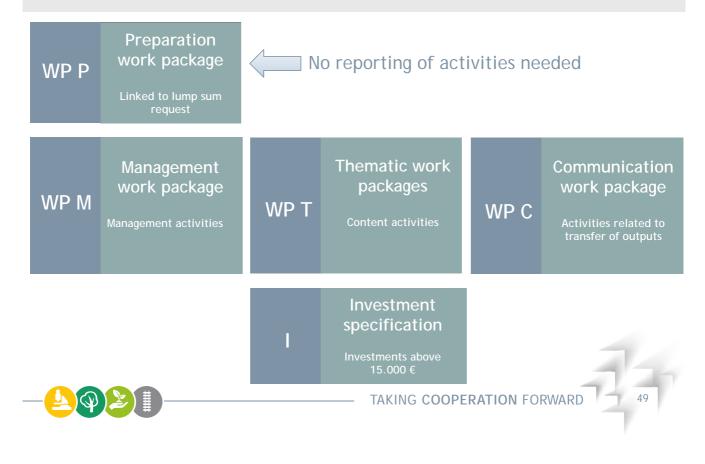

No multiple counting of the same entity in the same or different periods or addressed by different partners

— TAKING COOPERATION FORWARD

Hints

- Clear summary of WP progress and status
- Describe involvement of each partner
- Explain how target groups including associated partners were involved and how they will further use the outputs

Describe **problems and deviations** (including delays) and respective **solutions**, if applicable

REPORTING PER WORK PACKAGE -OUTPUTS

Reporting of outputs only applicable for thematic work packages and investment specifications

TAKING COOPERATION FORWARD

OUTPUTS

Types of outputs

Strategies and action plans

Tools

Pilot actions

Innovation networks (only SO1.1)

See definitions as included in the implementation manual chapter B.3

Hints

- Planned outputs (as in the AF) are listed
- Indicate for each output its current level of achievement (drop down menu)
- Quantify the outputs finalised in the current period
- Only for finalised outputs - upload output documentation (output fact sheets)

nterreg

WHAT IS AN OUTPUT FACT SHEET?

Hints

Finalised outputs have to be documented within an "output factsheet" (templates tailored to each output type)

Presents complementary (summary information) to the deliverable reflecting the final stage of the output

One output factsheet per output - presenting the achievements

Example:

Outputs: 4 action plans developed for 4 central European cities \rightarrow to be documented within 4 output fact sheets

TAKING COOPERATION FORWARD

OUTPUT FACT SHEETS

Structure

- Summary description
- NUTs region(s) concerned
- Expected impact and benefits for the territories and target groups
- Sustainability and transferability
- Lessons learned and added value of TN cooperation
- References to relevant deliverables and web-links

OUTPUT FACT SHEET

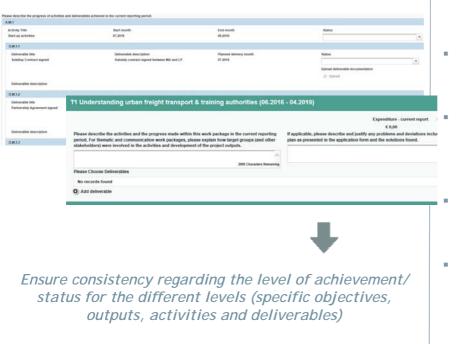

REPORTING PER WORK PACKAGE -ACTIVITIES AND DELIVERABLES

- Planned activities and deliverables (as in the AF) are listed
- Indicate for each activity and deliverable its current status (drop down menu)
- For deliverables include a concise explanation on the progress
- Upload only finalised deliverables

TAKING COOPERATION FORWARD

WHAT MAKES A GOOD QUALITY DELIVERABLE?

Hints

Building on existing knowledge, practices and lessons learnt

Clear contribution to achievement of an output

Comprehensive documentation of performed activities and their outcomes

At least executive summary in English (in case of use of national language(s))

Thorough quality check by the WP leader and the LP

Proper layout and compliance with **publicity obligations**, consistency of number, title (with AF) and file name

Presenting value for money

56

OUTPUTS AND DELIVERABLES

Recommended file name indexing

Deliverables: CExx acronym Dxxxxx short title_date

Output fact sheets: CExx acronym Oxxxxx short title_date

Investment report: CExx acronym Ixxxxx short title_date

TAKING COOPERATION FORWARD

Interreg

HOW TO DOCUMENT MEETINGS?

Management meetings

(e.g. steering committee, coordination)

Minutes of meeting:

- Date and place
- Represented partners and participants
- Main points of discussions
- Conclusions/decisions
- Relevant annexes, if applicable

Stakeholder meetings/events

- **Summary**:
 - Date and place
 - Number and types of participants/target groups
 - Topics tackled and links to deliverables, outputs
 - Expected effects and follow up
 - If relevant, annexes: e.g. pictures, media coverage web-links etc.

TAKING COOPERATION FORWARD

SETTING UP THE AUDIT TRAIL

Audit trail

is a chronological set of accounting records that provide documentary evidence of the sequence of steps undertaken by the beneficiaries and programme bodies for implementing an approved project.

The proper keeping of accounting records and supporting documents held by the beneficiary and its national controller plays a key role in ensuring an adequate audit trail.

TAKING COOPERATION FORWARD

ELEMENTS OF THE AUDIT TRAIL

At the level of each beneficiary:

- The subsidy contract (and its amendments);
- The partnership agreement;
- The latest version of the approved application form;
- Documentation of all outputs and deliverables produced;

- Documents proving, the expenditure incurred and the payment made;
- Documentation of all procurement procedures implemented;
- Any other supporting document applicable to each budget line;
- Physical and financial reports submitted to the national controller;
- Documents issued by the national controller validating all expenditure;
- A copy (as pdf) of all project progress reports and final report submitted and approved by the MA/JS.

Essential for each PP to set up arrangements ensuring the availability of:

A separate accounting system or an adequate accounting code set in place specifically for the project;

A physical and/or electronic archive which allows storing data, records and documents concerning the physical and financial progress of the project.

TAKING COOPERATION FORWARD

ANNULLING OF DOCUMENTS

The need to avoid double funding

A stamp bearing at least the following information:

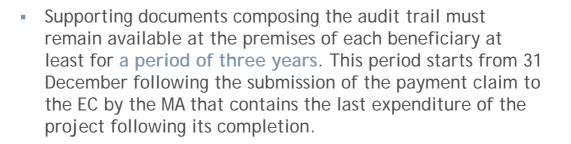

- The information that the expenditure has been co-funded by the Interreg CE Programme;
- The number and the name (acronym) of the project;
- If applicable (e.g. same document covering different cost items), a statement on the share of expenditure claimed in the concerned project.

Attention:

If invoices (and/or other probative documents) are available only on electronic support the minimum information listed above has to be incorporated in the subject and/or in the body of the electronic document.

 Documents referring to project activities and expenditure carried out in the framework of aid granted under the de minimis rule must be retained for a period of 10 fiscal years from the date on which the aid was granted (date of signature of the subsidy contract).

Interreg Central Europe – Projektänderungen, Budget-Flexibilität

Claudia Pamperl & Alexandra Kulmer, CE Joint Secretariat

Mid-term review fact

sheet

What is the mid-term review?

- Review of project progress against the project objectives, outputs and expected results (as in the approved AF) after the first half of project implementation
- Mid-term review meeting to be organised by the LP (preferably linked to a project steering committee meeting)

PROJECT MODIFICATIONS

Mid-term review meeting with JS

TAKING COOPERATION FORWARD

No major modifications (except partnership) are allowed before the mid-term review

Major modifications

Partnership

Progress report

Genverables/

Activities/ deliverables/outputs Budget

Extension of project duration

- ⇒ To be based on a formal modification request procedure (see Implementation Manual D.3) requiring a sound justification
- ⇒ Update of AF in eMS required
- ⇒ To be approved by the relevant programme bodies

PROJECT MODIFICATIONS

Minor modifications

Adjustments of the work plan

⇒ To report as deviation in the progress report

Update of administrative elements

 ⇒ To update the supplementary information in eMS, if applicable

Budget flexibility (below flexibility thresholds)

⇒ To report as deviation in the progress report

In case of doubt, please consult the JS to verify if the planned modification is minor or major.

TAKING COOPERATION FORWARD

HOW TO MODIFY THE PROJECT BUDGET

Minor modifications

Do not have a significant impact on the project objectives and/or implementation. Minor modifications do not require prior approval by the programme, but require the agreement of the LP.

Major modifications

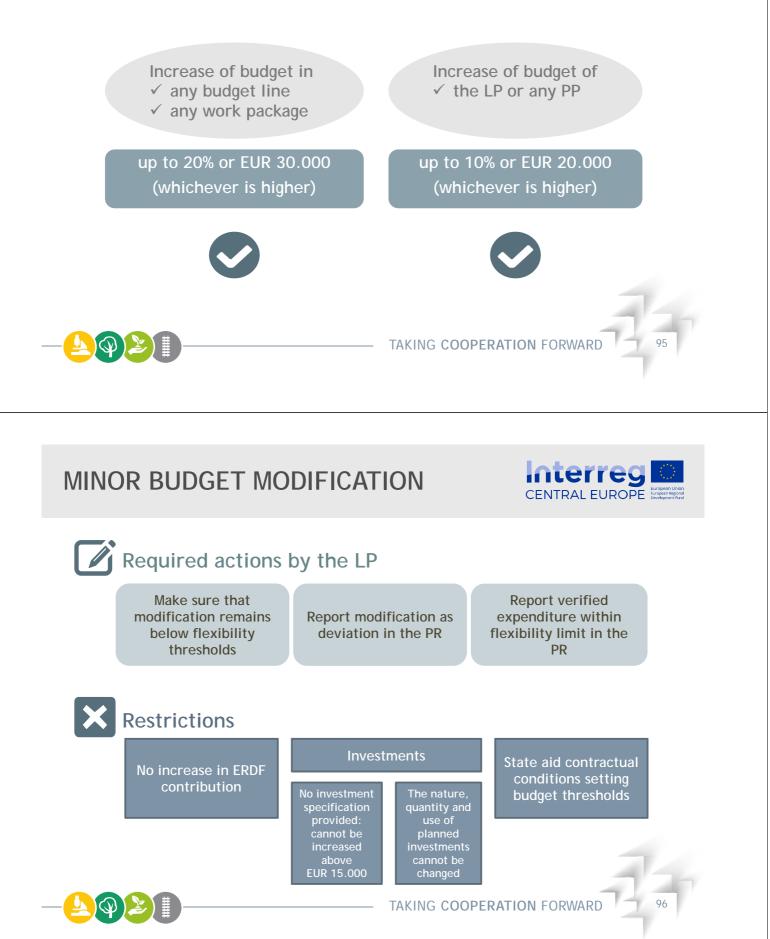

Going beyond the flexibility limits applicable to minor modifications. Supplementary documents to be provided according to the type of modification. Any major modification **must be previously approved by the relevant programme bodies**.

MINOR BUDGET MODIFICATION

Flexibility thresholds for increases of the project budget

MINOR BUDGET MODIFICATION

Attention

Exceeding the budget flexibility limits without prior authorisation of the relevant programme bodies will result in the ineligibility of the amount exceeding the threshold.

Exceeding flexibility thresholds the eMS will issue an error notification in the progress report and will impede its submission.

MAJOR BUDGET MODIFICATION

Increase of budget above the flexibility rules

 must be previously approved by the relevant programme bodies

can only be launched after the
 project mid-term review

 can be requested only once in the project lifetime

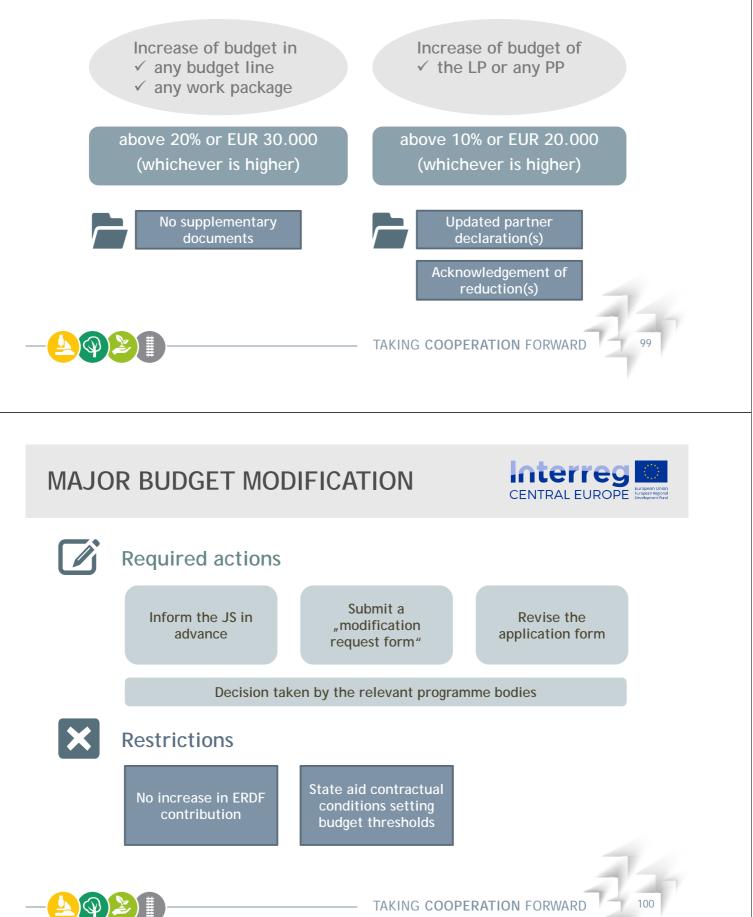

TAKING COOPERATION FORWARD

Increases of the project budget above the flexibility thresholds

What to do in this exercise?

The LP of an approved Interreg CE project intends to modify the budget in order to adapt it to the actual implementation situation. Planned modifications are presented in the table.

Please analyse the intended budget changes and calculate the amount of increase and percentage. Advice the LP on the applicable rules related to the budget modification and give the applicable thresholds. Indicate if the planned budget modifications are possible and if yes they are allowed without prior approval or the approval of the programme bodies is required.

Be ready to present the outcome of this exercise to the other groups!
